ENERGY

IN THE MATTER OF THE PROVISION OF) DECISION AND ORDER
BASIC GENERATION SERVICE (BGS) FOR)
THE PERIOD BEGINNING JUNE 1, 2012) DOCKET NO. EO11040250

(SERVICE LIST ATTACHED)

BY THE BOARD¹:

By prior Board Orders, Docket No. EO09050351 dated December 10, 2009, and Docket No. ER10040287 dated December 6, 2010, the Board approved, with modifications, the joint Basic Generation Service (BGS) proposals of the State's electric distribution companies (EDCs), Atlantic City Electric Company (ACE), Jersey Central Power & Light Company (JCP&L), Public Service Electric and Gas Company (PSE&G) and Rockland Electric Company (Rockland), that used a descending clock auction format to procure one-third of the State's BGS requirements for Fixed-Price (FP) BGS customers for 36 months for periods extending to May 31, 2014. In those prior Orders, the Board did not address how the remaining BGS requirements for FP customers, as well as the State's annual BGS requirements for Commercial and Industrial Energy Pricing (CIEP) customers, would be procured for the period beginning June 1, 2012.²

The process adopted by the Board to determine how to procure BGS for the past ten years has provided an opportunity for participation by all interested parties through both written comments and at public hearings which resulted in a wide range of BGS suggestions, a timely Board decision and, ultimately, a successful procurement process. Accordingly, the Board intends to initiate a proceeding to determine what type of process should be used to procure BGS FP and CIEP requirements for the period beginning June 1, 2012, similar to the process that has been employed for the past ten years, including an invitation for all parties to propose how to procure BGS supply, the ability for all parties to issue discovery, provide written comments to the Board, and provide oral testimony at both legislative and public hearings where the Board encourages the use of expert testimony. The proposed schedule anticipates a Board decision on the process in November 2011, and a BGS procurement process in February 2012.

¹ Commissioner Nicholas Asselta did not participate in this matter.

² The BGS FP requirements procured for the period beginning June 1, 2012 will supply the final one-third of the BGS FP load for the period June 1, 2012 through May 30, 2013, the second one-third of the BGS FP load for the period June 1, 2013 through May 30, 2014, and the first one-third of the BGS FP load for the period June 1, 2014 through May 30, 2015.

Therefore, the Board DIRECTS the EDCs, ACE, JCP&L, PSE&G, and Rockland, to file proposals no later than July 1, 2011, addressing how to procure the remaining one third of the State's BGS FP requirements and the annual CIEP requirements for the period beginning June 1, 2012. In addition, the Board also invites all other interested stakeholders to file alternative BGS proposals with the Board by July 1, 2011.

Furthermore, the Board ADOPTS the preliminary procedural schedule contained in Attachment A to this Order.

All discovery and comments must be filed with the Board's Secretary and should also be electronically served via email to parties on the attached e-service list. Parties wishing to be added to the e-service list may do so by emailing John Garvey at John.Garvey@bpu.state.nj.us. Parties should adhere to the attached schedule unless otherwise directed. Parties will be advised of the time and place of the legislative-style hearing identified in Attachment A electronically via email and through a posting on the Board's webpage. The Board and/or Staff will also notify parties through the electronic service list and, when possible, through the BPU webpage, of the time and location of any meetings or hearings as well as of any schedule changes.
