

## **Comment Process on the Letters of Credit (Pre-Auction and Post-Auction) October 04, 2018**

### **“Pre-Auction” and “Post-Auction” Letters of Credit**

Bidders will be required to submit the **“Pre-Auction Letter of Credit”**, in its final form, with the Part 2 Application in an amount sufficient to support their indicative offers. Bidders may use the **“Post-Auction Letter of Credit”**, in its final form, as security under the BGS Supplier Master Agreement. The final forms of these documents will be issued after the conclusion of the comment process. For purposes of submitting comments, potential bidders use the Draft Pre-Auction Letter of Credit and the Draft Post-Auction Letter of Credit prepared for this purpose.

### **Overview**

**Potential bidders are invited to propose modifications** to the Draft Pre-Auction Letters of Credit and the Draft Post-Auction Letter of Credit by submitting a redline of these documents in Microsoft Word. Potential bidders may include explanatory notes.

For each modification proposed to a Letter of Credit, the electric distribution companies (“EDCs”) will:

- a. accept the modification and revise the Letter of Credit; or
- b. approve the use of the modification on an optional basis; or
- c. reject the proposed modification.

The BGS Auction Manager, on behalf of a review committee consisting of EDC representatives and representatives from the BGS Auction Manager, will respond individually to each potential bidder that proposed modifications to a Letter of Credit.

At the conclusion of this comment process, the BGS Auction Manager will post to the BGS Auction website each Letter of Credit in its final form. Furthermore, for each Letter of Credit, the BGS Auction Manager will post a document containing all modifications that are acceptable to the EDCs on an optional basis.
