

New Jersey Municipalities with Government Energy Aggregation Programs, January 2018

Municipalities located in the state of New Jersey may aggregate the energy requirements of residential, commercial¹ and municipal accounts in order to purchase energy from Third Party Suppliers (“TPSs”) through Government Energy Aggregation (“GEA”) Programs.

For more information about New Jersey GEA Program requirements, please refer to N.J.S.A. 48:3-91² and N.J.A.C. 14:4-6 et seq³.

PSE&G

As of January 2018 a Government Energy Aggregation program is in existence for the below municipalities in PSE&G’s service territory.
