Kenneth J. Sheehan
Secretary of the Board
(609) 292-1599

February 23, 2015

To the attached Service List:

Re: In the Matter of the Provision of Basic Generation Service and Compliance Tariff Filing Reflecting Changes to Schedule 12 Charges in PJM Open Access Transmission Tariff – JCP&L, ACE, PSE&G and RECO - December 19, 2014 Filing - Docket No. ER14121414

At its public agenda meeting held on February 11, 2015, the New Jersey Board of Public Utilities ("Board") approved implementation of changes to the retail transmission rates to be consistent with the Open Access Transmission Tariff changes for the State's four electric distribution companies: Jersey Central Power & Light Company, Atlantic City Electric Company, Public Service Electric and Gas Company, and Rockland Electric Company (collectively, the "EDCs"). The Board also directed the EDCs to file revised tariff sheets reflecting the rate changes effective February 23, 2015. However, upon agreement among the four EDCs seeking an effective date of March 1, 2015, the Board revises its Order to reflect an effective date of March 1, 2015.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kenneth J. Sheehan".

Kenneth J. Sheehan
Secretary of the Board

IN THE MATTER OF THE PROVISION OF BASIC)	DECISION AND ORDER
GENERATION SERVICE AND COMPLIANCE TARIFF)	APPROVING THE PASS-
FILING REFLECTING CHANGES TO SCHEDULE 12)	THROUGH OF FERC
CHARGES IN PJM OPEN ACCESS TRANSMISSION)	AUTHORIZED CHANGES IN
TARIFF – JERSEY CENTRAL POWER & LIGHT)	FIRM TRANSMISSION
COMPANY, ATLANTIC CITY ELECTRIC COMPANY,)	SERVICE RELATED
PUBLIC SERVICE ELECTRIC AND GAS COMPANY)	CHARGES
AND ROCKLAND ELECTRIC COMPANY DECEMBER)	
19, 2014 FILING)	DOCKET NO. ER14121414

Parties of Record:

Stefanie A. Brand, Esq., Director, New Jersey Division of Rate Counsel
Alexander C. Stern, Esq., Public Service Electric and Gas Company
John L. Carley, Esq., Rockland Electric Company
Gregory Eisenstark, Esq., Windels Marx Lane & Mittendorf, LLP, on behalf of Jersey Central Power & Light Company
Philip Passanante, Esq., Atlantic City Electric Company

BY THE BOARD¹:

On December 19, 2014, Atlantic City Electric Company (“ACE”), Jersey Central Power & Light Company (“JCP&L”), Public Service Electric and Gas Company, (“PSE&G”) and Rockland Electric Company (“RECO”) (collectively, the “EDCs”) filed a joint petition with the New Jersey Board of Public Utilities (“Board”) requesting recovery of Federal Energy Regulatory Commission (“FERC”) approved changes in firm transmission service related charges.

¹ Commissioner Upendra J. Chivukula recused himself due to a potential conflict of interest and as such took no part in the discussion or deliberation of this matter.

The EDCs' proposed tariff changes reflect changes to the Basic Generation Service ("BGS") Residential/Small Commercial Pricing ("BGS-RSCP")² and Commercial and Industrial Energy Pricing ("BGS-commercial and industrial electricity pricing "CIEP") rates to customers resulting from changes to the PJM Open Access Transmission Tariff ("OATT") made in response to: (i) the annual formula rate update filing made by Potomac-Appalachian Transmission Highline, L.L.C. ("PATH") in FERC Docket No. ER-08-386-000, (ii), the annual formula rate update filing made by Virginia Electric Power Company ("VEPCo") in FERC Docket No. ER08-92-000; and (iii) the annual formula rate update filing made by PSE&G in FERC Docket No. ER09-1257-000. The EDCs requested that the changes become effective on January 1, 2015.

The EDCs also requested authorization to compensate BGS suppliers for the changes to the OATT resulting from the implementation of the PATH, PSE&G, and VEPCo project annual formula updates subject to the terms and conditions of the applicable Supplier Master Agreement(s) ("SMAs"). Any difference between the payments to BGS suppliers and charges to customers would flow through each EDC's BGS Reconciliation Charge.

According to the EDCs, this filing satisfies the requirements of Paragraph 15.9(a) (i) and (ii) of the BGS-RSCP and BGS-CIEP SMAs, which mandate that BGS-RSCP and BGS-CIEP suppliers be notified of rate changes for firm transmission service, and that the EDCs file for and obtain Board approval of an increase or decrease in retail rates commensurate with the FERC-implemented rate increases and decreases.

The Transmission Enhancement Charges ("TECs") detailed in Schedule 12 of the PJM OATT to compensate transmission owners for the annual transmission revenue requirements for "Required Transmission Enhancements" that are requested by PJM for reliability or economic purposes. TECs are recovered by PJM through an additional transmission charge in the transmission zones assigned cost responsibility for Required Transmission Enhancement projects.

On February 28, 2008, FERC approved the PATH filings and accepted the tariffs for filing. On April 16, 2008, the EDCs filed a joint petition with the Board requesting recovery of the allocated PATH firm transmission service related charges. On April 29, 2008, FERC approved the VEPCo Filings and accepted for filing, effective January 1, 2008, VEPCo's revised tariff sheets to the PJM OATT. On June 16, 2008, the EDCs filed a joint petition requesting recovery of the allocated VEPCo firm transmission service related charges. By Board Order dated September 15, 2008, the EDCs received approval from the Board to begin allocating TECs related to the VEPCo and PATH projects.³ Pursuant to FERC's Order, VEPCo and PATH submitted their formula rate update compliance filings with FERC.

² This was formerly known as the BGS – Fixed Price or BGS-FP.

³ In the Matter of the Provision of Basic Generation Service for Year Two of the Post-Transition Period and In the Matter of the Provision of Basic Generation Service for Year Three of the Post Transition Period and In the Matter of the Provision of Basic Generation Service for the Period Beginning June 1, 2006 and In the Matter of the Provision of Basic Generation Service for the Period Beginning June 1, 2007, BPU Docket Nos. EO03050394, EO04040288, EO05040317, and EO06020119, Order dated September 12, 2008.

On September 30, 2008, FERC approved PSE&G's filing to substitute a formula rate for its stated rates for Network Integration Transmission Services ("NITS") and Point-to-Point transmission service ("PSE&G Project"). The PSE&G formula rate also incorporates a number of transmission enhancement projects that are included in the OATT Schedule 12. FERC accepted the formula rate proposed by PSE&G, effective October 1, 2008. On October 15, 2008, PSE&G filed its updated formula rate with the FERC. On November 14, 2008, PSE&G filed with the Board to recover the FERC-approved formula rates applicable to PSE&G customers. On December 18, 2008, the Board authorized PSE&G to begin recovering TECs related to the PSE&G Project.⁴

Each EDC is allocated a different portion of VEPCO's, PSE&G's, and PATH's transmission costs from PJM based on the cost for Required Transmission Enhancements in each EDC's transmission zone. Based on this allocation of the TEC costs for the EDCs and their respective allocation among each EDC's customer service classes, the monthly bill for a residential customer using 650 kWh per month will increase by approximately the following amounts (including Sales and Use Tax): \$0.14 or 0.12% for ACE; \$0.33 or 0.4% for JCP&L; \$0.26 or 0.22% for PSE&G; \$1.56 or 1.39% for RECO.

DISCUSSION AND FINDING

In the Board's Order dated December 2, 2003, in Docket No. EO03050394, the Board found that the pass through of any changes in charges associated with NITS and other charges associated with the FERC-approved OATT is appropriate. Furthermore, by subsequent Orders, the Board approved Section 15.9 of the SMAs as filed by the EDCs which requires that the EDCs file for Board approval of any increases or decreases in their transmission charges that have been approved by the FERC. The SMAs also authorize the EDCs to increase or decrease the rates paid to suppliers for FERC-approved rates and changes to Firm Transmission Services once approved by the Board. The Board Orders further require that the EDCs review and verify the requested FERC authorized changes.

After review of the verifications and supporting documentation, the Board **HEREBY FINDS** that the December 19, 2014 filing satisfies the EDCs' obligations under Paragraph 15.9 (a)(i) and (ii) of the relevant SMAs, and **HEREBY APPROVES** the changes to the BGS-RSCP and BGS-CIEP rates requested by each EDC for its revised transmission charges resulting from the FERC-approved changes to the TECs as of the effective date of this Order. The EDCs are **HEREBY ORDERED** to compensate the BGS suppliers as needed for this transmission rate change subject to the terms and conditions of the SMAs.

⁴ In the Matter of the Provision of Basic Generation Service for Year Two of the Post Transition Period and In the Matter of the Provision of Basic Generation Service for the Period Beginning June 1, 2006 and In the Matter of the Provision of Basic Generation Service for the Period Beginning June 1, 2007 and In the Matter of the Provision of Basic Generation Service for the Period Beginning June 1, 2008 – PSE&G November 14, 2008 Filing, BPU Docket Nos. EO03050394, EO05040317, EO06020119, and ER07060379, Order dated December 18, 2008.

Further, the Board **HEREBY DIRECTS** the EDCs to file tariffs and rates consistent with the Board's findings within five (5) business days of the effective date of this Order.

The effective date of this Order is February 23, 2015.
