

## C. BGS AUCTION PROCESS

*This chapter is provided for bidder convenience only. Any statements herein describing the EDCs' proposal are summaries only and are qualified in their entirety by the EDCs' "Proposal for Basic Generation Service Requirements to Be Procured Effective June 1, 2022" filed on July 1, 2021 with the New Jersey Board of Public Utilities as well as each EDC's Company Specific Addendum. These documents are available on the [BGS Proceeding](#) page of the Auction tab of the BGS Auction website. Bidders bear full responsibility for reviewing each EDC's Company Specific Addendum and accompanying attachments, as well as all documents filed as part of the EDCs' "Proposal for Basic Generation Service Requirements to Be Procured Effective June 1, 2022."*

The EDCs are Public Service Electric and Gas Company ("PSE&G"), Jersey Central Power & Light Company ("JCP&L"), Atlantic City Electric Company ("ACE"), and Rockland Electric Company ("RECO").

The EDCs filed their proposal to procure BGS supply for the period beginning June 1, 2022 in response to the Order by the New Jersey Board of Public Utilities ("Board" or "BPU") initiating Docket No. ER21030631. The Board, as part of this Order, established a schedule for the proceeding.

As part of their filing, the EDCs proposed a calendar of events. This chapter describes the regulatory proceeding (section C.1) as well as the activities proposed to occur during the BGS Auction process including activities that will occur prior to the Board decision on the EDCs' proposal (section C.2), the application process (section C.3), the training activities for bidders that successfully completed the application process (section C.4), the conduct of the Auctions (section C.5), and post-auction activities (section C.6).

### C.1. Regulatory Proceeding

The Board has followed the same process over the years to solicit and consider proposals on how best to procure supply for BGS customers.

The Board first directs the EDCs to submit their proposal and also invites all other parties to submit proposals on how to procure BGS supply. Once the proposals are filed with the Board, all parties have the ability to issue discovery to parties that have submitted a proposal to the Board. The EDCs thus respond to discovery requests from the parties, which can be on any aspect of the EDCs' proposal. To the extent that responses to such discovery provide data or information that can be useful to bidders, the discovery responses are posted to the BGS Data Room.

All parties also have an opportunity to submit written comments to the Board on any party’s proposal. These are called the “Initial Comments.” Any party may also appear before the Board to provide oral comments at a legislative-type hearing. A party may use this opportunity to further explain its proposal on the procurement of BGS supply, or to present alternative proposals, or to respond to Initial Comments. Parties have a last opportunity to provide written comments to the Board following the legislative-type hearing by filing “Final Comments.” Final Comments can only be used to respond to issues raised in the Initial Comments or issues raised at the legislative-type hearing and cannot be used to raise new issues in the proceeding. The Board considers all proposals and all comments in rendering its decision on how best to procure supply for BGS customers.

The calendar of events in the regulatory proceeding is provided below. The Auction Manager sends reminders to bidders of opportunities to submit comments to the Board and the Auction Manager announces the Board decision once it is rendered.

**Table C-1. Events in the Regulatory Proceedings**

<b>Activity or Decision Point</b>	<b>Deadline</b>
<b>July 2021</b>	
BGS Proposals Filed by All Parties	Thursday, July 01, 2021
Discovery Requests	Thursday, July 22, 2021
<b>August 2021</b>	
Discovery Responses	Thursday, August 05, 2021
<b>September 2021</b>	
Initial Comments	Friday, September 03, 2021
Legislative-Type Hearing	Monday, September 27, 2021
<b>October 2021</b>	
Final Comments	Tuesday, October 12, 2021
<b>November 2021</b>	
Board Decision	November 2021 (expected)

## **C.2. Activities Prior to Board Decision**

Prior to the Board rendering a decision in the proceeding, the Auction Manager conducts a number of activities for potential bidders and makes information available regarding the Auctions. Bidders have an opportunity to comment on the letters of credit. Bidders that are unable to utilize the standard form of guaranty have an opportunity to submit an alternate form of guaranty. Those processes are described in the first subsection, C.2.a.

The Auction Manager conducts a first bidder information webcast, publishes these Bidder Materials, announces certain auction parameters, and provides other preliminary information to bidders. These information releases are described in the second subsection, C.2.b.

A calendar of these events is provided below in Table C-2.

**Table C-2. Activities by the Auction Manager**

Activity or Decision Point	Timing
<b>August 2021</b>	
First FAQ is Posted	Thursday, August 12, 2021
Release of Preliminary Draft of RSCP Pricing Spreadsheet	Thursday, August 19, 2021
<b>September 2021</b>	
Announce Alternate Guaranty Process is available	Tuesday, September 14, 2021
<b>October 2020</b>	
Information Webcast for Potential Bidders	Friday, October 01, 2021
Posting of the Comment Process on the Letters of Credit	Thursday, October 07, 2021
Illustrative Application Forms Are Posted	Thursday, October 07, 2021
<b>Deadline</b> for Expression of Interest in Alternate Guaranty Process	Tuesday, October 26, 2021
<b>Deadline</b> to Propose Modifications to the Standard Form of the Pre-Auction and Post-Auction Letters of Credit	Tuesday, October 26, 2021
<b>November 2021</b>	
Auction Manager Provides Individual Responses to Parties Proposing Modifications to the Letters of Credit	Wednesday, November 03, 2021
All Optional Modifications to the Standard Forms of the Letters of Credit Are Posted	Friday, November 05, 2021
Statewide Minimum and Maximum Starting Prices, Load Caps, and Tranche Sizes Announced	Wednesday, November 17, 2021

**C.2.a. Processes on Credit Instruments**

Bidders have an opportunity to comment on the letters of credit and bidders that are unable to utilize the standard form of guaranty have an opportunity to submit an alternate form of guaranty. These processes are described in this subsection.

### ***Letters of Credit***

Bidders are required, for each Auction in which they participate, to submit a “Pre-Auction Letter of Credit” with the Part 2 Application in an amount sufficient to support their indicative offers. A Draft Pre-Auction Letter of Credit for BGS-RSCP Bidders and a Draft Pre-Auction Letter of Credit for BGS-CIEP Bidders are posted to the [Contract and Credit](#) page of the BGS Auction website on October 7, 2021. Bidders may use the “Post-Auction Letter of Credit”, which is the letter of credit appended to the BGS Supplier Master Agreements, to post security under the BGS Supplier Master Agreements. The Draft BGS Post-Auction Letter of Credit is posted to the [Contract and Credit](#) page of the BGS Auction website on October 7, 2021. Bidders use these draft letters of credit to submit their comments and propose modifications.

Bidders submit their comments or proposed modifications to a draft letter of credit by submitting a Microsoft Word document with tracked changes. The deadline for submission of such comments or modifications is October 26, 2021.

For each modification proposed to a Letter of Credit, the EDCs:

- a. accept the modification and revise the Letter of Credit; or
- b. approve the use of the modification on an optional basis; or
- c. reject the proposed modification.

The Auction Manager, on behalf of a review committee consisting of EDC representatives and representatives from the Auction Manager, responds individually to each potential bidder that proposed modifications to a letter of credit. At the conclusion of this comment process, the Pre-Auction Letter of Credit for BGS-RSCP Bidders, the Pre-Auction Letter of Credit for BGS-CIEP Bidders, and the Post-Auction Letter of Credit is each posted in its final form to the BGS Auction website. Furthermore, for each letter of credit, a document that includes all modifications that are acceptable to the EDCs on an optional basis is made available to bidders. The comment process is described in further detail in the document “Comment Process on the Letters of Credit” posted on the [Contract and Credit](#) page of the Bidder Info tab of the BGS Auction website on October 7, 2021.

### ***Guaranty***

Bidders may have corporate policies that preclude them from using the standard form of guaranty appended to the BGS Supplier Master Agreements. Such bidders have an opportunity to submit an alternate form of guaranty for the EDCs’ consideration. Bidders that want to avail themselves of this opportunity are required to express their interest in the

alternate guaranty process by email to the Auction Manager ([BGS-Auction@nera.com](mailto:BGS-Auction@nera.com)) by October 26, 2021.

The EDCs make available a list of minimum requirements that an alternate form of guaranty must meet. In particular, an alternate form of guaranty must be a financial guaranty and not a performance guaranty. Furthermore, an alternate form of guaranty must be for unlimited liability (while the standard guaranty has a liability limit). A full list of the minimum requirements is available in the document “Alternate Guaranty Process” available on the [Contract and Credit](#) page of the Bidder Info tab of the BGS Auction website.

The alternate guaranty process is held if bidders express interest in submitting an alternate form of guaranty by October 26, 2021. At that time, specific deadlines associated with the steps of such a process are published in a separate document available on the [Contract and Credit](#) page of the Bidder Info tab of BGS Auction website.

### **C.2.b. Information Releases**

The information releases from the Auction Manager to bidders that occur generally prior to the Board decision are described in this subsection.

#### ***Prior to the First Bidder Information Webcast***

Bidders may submit questions to the Auction Manager by email to [BGS-Auction@nera.com](mailto:BGS-Auction@nera.com) or through the [Ask a Question](#) page of the BGS Auction website. The Auction Manager provides a response to each questioner individually, generally within two (2) business days of receiving the question. Questions and responses, with information that could identify the questioner redacted to the extent practicable, are posted to the [FAQs](#) page of the BGS Auction website. The first posting of FAQs occurred on August 12, 2021. Further postings are made on a rolling basis.

The rate design methodology proposed by each EDC is described in each EDC’s Company Specific Addendum. All Company Specific Addenda are posted to the [BGS Proceeding](#) page of the Auction tab of the BGS Auction website. The Auction Manager makes available to bidders a BGS-RSCP pricing spreadsheet tool. This tool is intended to translate hypothetical Auction prices for each EDC selected by the bidder into their corresponding BGS-RSCP retail rates. BGS-RSCP retail rates may be important to bidders for the purpose of assessing the likelihood and degree of BGS-RSCP migration.

On August 19, 2021, the Auction Manager posted the BGS-RSCP pricing spreadsheet tool based on the rate design methodology as proposed by the EDCs to the [Additional Data](#)

page of the BGS Data Room. The BGS-RSCP pricing spreadsheet tool is updated with any changes to the rate design methodology as may be ordered by the Board as well as refreshed with updated inputs.

The application process begins after the Board has rendered a decision in the regulatory proceeding. On a preliminary basis, the Auction Manager posts an illustrative Part 1 Form and an illustrative Part 2 Form. The posting is scheduled for October 7, 2021. Bidders may use these illustrative forms to learn about the application requirements of past Auctions and about the application requirements as proposed by the EDCs for the current Auctions. The illustrative Part 2 Form is updated once specific auction parameters have been announced on November 17, 2021. The illustrative forms are updated as necessary once the decision of the Board has been rendered.

### ***Bidder Information Webcast***

On Friday, October 1, 2021, the Auction Manager holds a first bidder information webcast to describe the EDCs' proposal to the Board for the procurement of supply for their BGS customers. Within a business day of holding the webcast, the Auction Manager posts to the [Webcast Materials](#) page of the Bidder Info tab of the BGS Auction website the presentation and audio portion of the webcast, as well as these Bidder Materials. The Auction Manager posts to the [FAQs](#) page of the BGS Auction website the question and response for any question received during the webcast.

### ***Release of Auction Parameters***

The Auction Manager announces the following auction parameters on November 17, 2021:

- **Statewide minimum and maximum starting prices** – The range for the BGS-CIEP is provided in \$/MW-day and the range for the BGS-RSCP Auction is provided in ¢/kWh. Bidders are required to submit indicative offers at each of the minimum and maximum starting price in their Part 2 Application. Furthermore, in the first round of the Auction, prices are set no lower than the minimum starting price and no higher than the maximum starting price;
- **Load caps** – The statewide load cap is the maximum number of tranches that a bidder can bid in an Auction and serve statewide. Each of the BGS-CIEP Auction and the BGS-RSP Auction has a statewide load cap. In addition, for the BGS-RSCP Auction, there is an EDC-specific load cap for each EDC. An EDC-specific load cap is the maximum number of tranches that a bidder can bid and serve for that EDC; and

- **Tranche sizes** – A tranche target is the number of tranches available for a given EDC at the beginning of an Auction. The Auction Manager announces the final tranche targets, the final tranche sizes (as a percentage of each EDC’s Load) as well as the megawatt measures for each tranche.

### **C.3. Application Process**

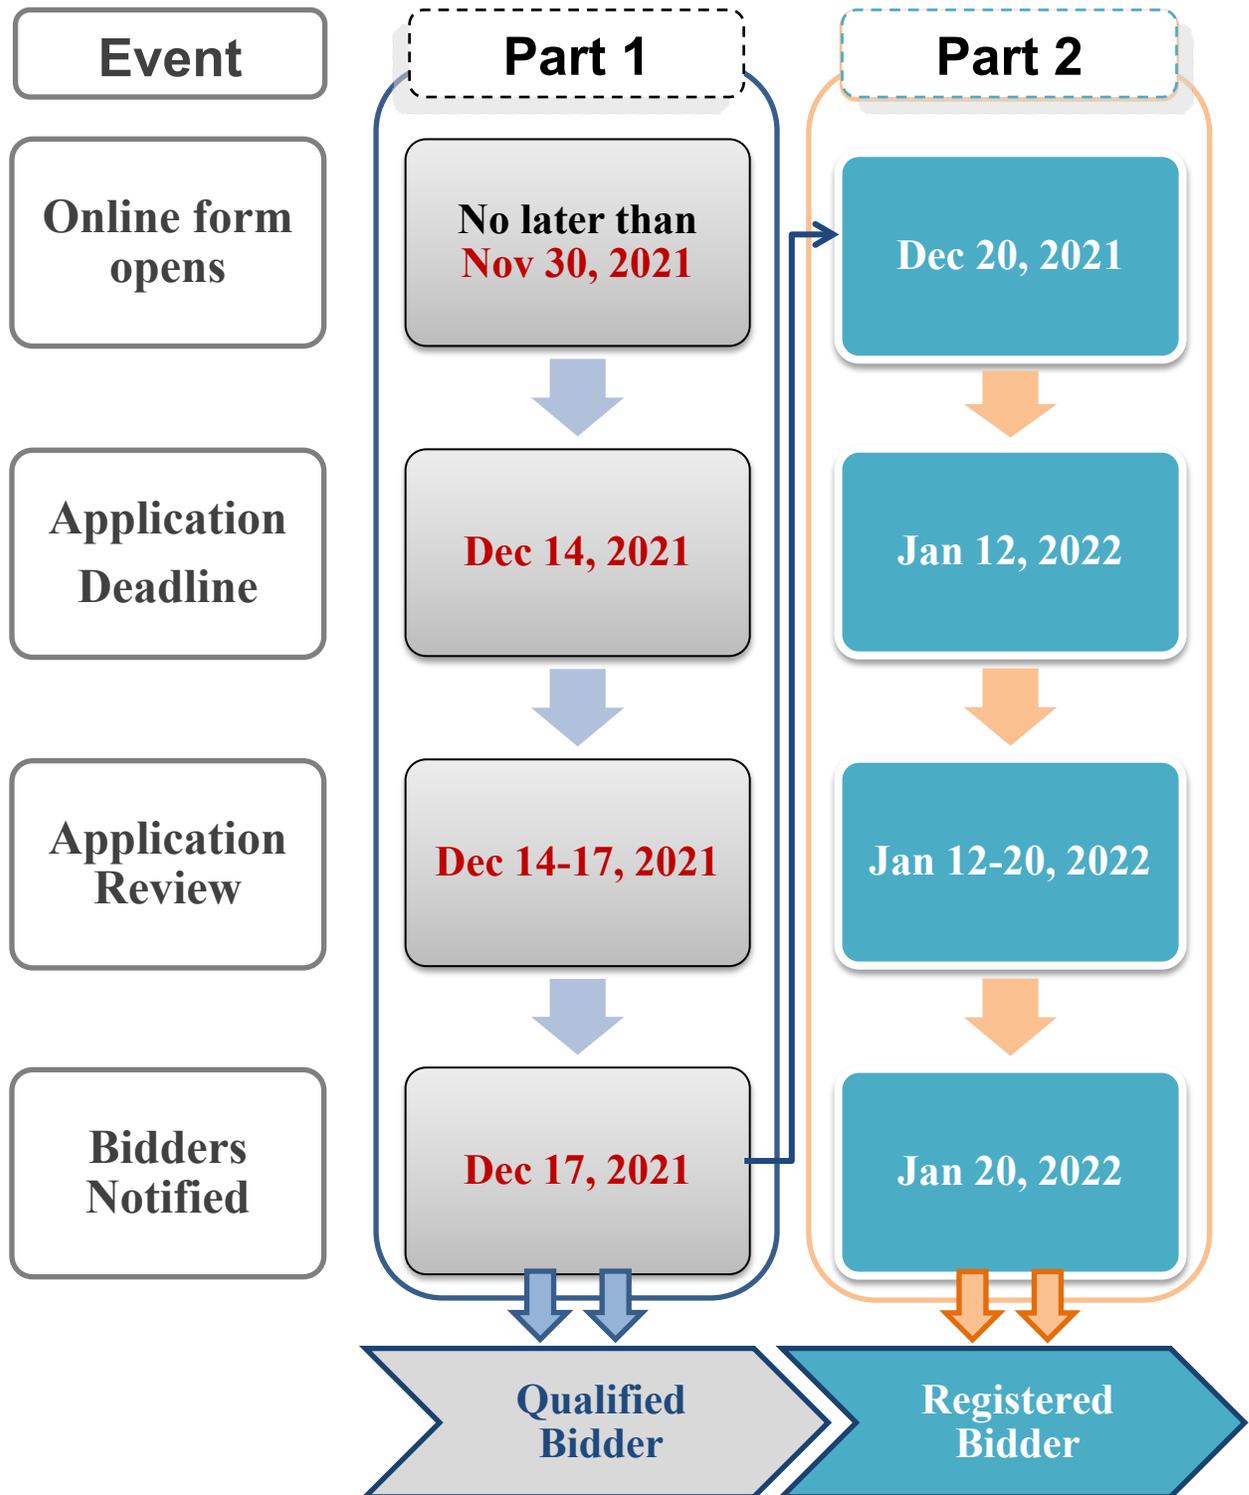

The application process as proposed by the EDCs is in two parts and is conducted online. Applicants may choose to apply to participate in the BGS-CIEP Auction, the BGS-RSCP Auction, or both. This section describes the proposed requirements.

In their Part 1 Applications, interested parties are required to provide primary contact information and submit financial information so that the EDCs can assess their creditworthiness in accordance with the standards established in the BGS Supplier Master Agreements. In addition, interested parties are required to comply with other qualification requirements, including agreeing to the applicable Auction Rules and agreeing to the terms of the applicable BGS Supplier Master Agreement. Each interested party is also required to agree that if the interested party is successful in its Part 1 Application, it keeps confidential the list of other successful Applicants and it does not assign its rights or substitute another entity in its place. An Applicant that has successfully completed the Part 1 Application is a “Qualified Bidder.” Only Qualified Bidders may submit Part 2 Applications.

In their Part 2 Applications, Qualified Bidders make a number of certifications to ensure compliance with the association and confidential information rules. Each Qualified Bidder is also required to agree to keep confidential the list of other successful Applicants; to agree that the submission of any bid creates a binding and irrevocable offer to provide service under the terms of the applicable BGS Supplier Master Agreement; and not to assign its rights as a Qualified Bidder or substitute another entity in its place. With its Part 2 Application, each Qualified Bidder is also required to submit an indicative offer and to submit a financial guarantee in proportion to its indicative offer. A Qualified Bidder that has successfully completed the Part 2 Application is a “Registered Bidder.”

The second bidder information webcast provides details of the application process. The process and major milestones are summarized in the following figure.

Figure C.3. Application Process

The full calendar of events, as proposed by the EDCs, is provided in the table below.

**Table C-3. Events in the Application Process**

Activity or Decision Point	Timing
<b>October 2021</b>	
Illustrative Part 1 and Part 2 Application Forms posted	Thursday, October 07, 2021
<b>December 2021</b>	
Part 1 Application made available	No later than Tuesday, November 30, 2021
Second Information Webcast for Potential Bidders	Tuesday, November 30, 2021 (tentative)
Deadline to submit Part 1 Application due by NOON	Tuesday, December 14, 2021
Part 1 Applications are reviewed	December 14-17, 2021
Applicants are notified of Part 1 Application Results	Friday, December 17, 2021
<b>January 2022</b>	
Deadline to submit Part 2 Application due by NOON	Wednesday, January 12, 2022
Part 2 Applications are reviewed	January 12-20, 2022
Applicants are notified of Part 2 Application Results	Thursday, January 20, 2022

#### **C.4. Bidder Training and Additional Information Releases**

##### ***Bidder Training***

Once bidders have been registered to participate in the Auctions through successful completion of the Part 1 Application and Part 2 Application, the Auction Manager makes available bidder training materials such as a guide to the Auction Rules, a software manual for submission of bids through the Auction Software, as well as a description of the backup bidding procedure to follow in the event a bidder experiences technical difficulties with the Auction Software during bidding.

The Auction Manager also holds the following activities for bidder training purposes:

- **Webcast for Registered Bidders** – The Auction Manager holds a third and final bidder information webcast, for Registered Bidders only. The webcast primarily aims to provide details regarding the online bidding procedure, backup bidding

procedure, and technical preparedness. The Auction Manager also makes several information releases in the week of the webcast, as detailed below.

- **Trial Auctions** – The Auction Manager holds trial auctions for Registered Bidders on two (2) different dates during which bidders can ensure that they have all systems ready for participating in the Auctions. Bidders have, over several rounds, the opportunity to practice all aspects of the online submission of bids using the Auction Software. Bidders are also encouraged to practice the submission of bids through the backup bidding procedure. The backup bidding procedure involves emailing the Auction Manager to request that a member of the Auction Manager team contact the bidder by phone in order to take the backup bid.

### *Information Releases*

Once bidders have been registered to participate in the Auctions through successful completion of the Part 1 Application and Part 2 Application, the Auction Manager makes several information releases:

- **Unaccounted for Energy, Meter Corrections, and Inadvertent Energy** – Registered bidders and BGS-RSCP Suppliers from the 2020 and 2021 BGS-RSCP Auctions are notified as to whether the responsibility of unaccounted for energy (“UFE”) in the final monthly energy allocation (“FMEA”) as well as meter corrections and inadvertent energy will be transferred from BGS Suppliers to the EDCs. Details on the EDCs’ proposal relating to UFE in the FMEA as well as meter corrections and inadvertent energy are provided in Chapter B Elements of the EDCs’ Proposal of these bidder information materials. **Final decrement formulas** – Provisional decrement formulas are provided in the final Auction Rules. The formulas that will be used in the Auctions, which depend on the number of registered bidders, are released no later than three days after bidders are registered to participate in the Auctions. This generally occurs between the final bidder information webcast and the Trial Auctions.
- **Mark-to-Market Information** – At the time of the third bidder information webcast, the Auction Manager posts a Mark-to-Market (“MtM”) document. The MtM document contains illustrative marks for each month of the BGS-RSCP supply period, a description of the methodology that will be used to adjust these marks from the date of posting through the close of the BGS-RSCP Auction, and a description of the methodology for updating forward prices over the term of the contract.

- **Tranche Fees** – The Auction Manager announces the “tranche fees” in the third bidder information webcast. The tranche fee is a fee that a BGS Supplier pays per tranche won. The tranche fee for a BGS-RSCP tranche is different from the tranche fee for a BGS-CIEP tranche. The levels of the tranche fees are set to recover administrative costs associated with the Auction Process. The tranche fees are netted against the first payment made to the BGS Supplier during the supply period.
- **Final BGS-RSCP Rate Spreadsheets** – Provisional BGS-RSCP rate spreadsheets are posted at the time of the compliance filing. The EDCs update inputs to the rate design methodology one final time approximately seven days before the BGS-RSCP Auction. The final BGS-RSCP rate spreadsheets are those that incorporate such updates and they are posted during the week of the webcast.

Announcements are posted to the [News](#) page of the BGS Auction website. The full calendar of events, including the timing of these announcements, is provided below.

**Table C-4. Calendar of Information Releases**

Activity or Decision Point	Timing
<b>January 2022</b>	
Deadline to submit Part 2 Application due by NOON	Wednesday, January 12, 2022
Part 2 Applications are reviewed	January 12-20, 2022
Applicants and BGS-RSCP Suppliers from the 2020 and 2021 BGS-RSCP Auctions advised as to the status of proposed enhancements to UFE (in the FMEA), meter corrections and inadvertent energy	Thursday, January 20, 2022
Auction Manager informs Registered Bidders of changes to decrement formulas or ranges of total excess supply (if necessary)	Tuesday, January 25, 2022
Mark-to-Market information release	Tuesday, January 25, 2022
Tranche Fee is announced	Wednesday, January 26, 2022
Information Webcast for Registered Bidders	Wednesday, January 26, 2022 (tentative)
Final rate spreadsheets are posted	Thursday, January 27, 2022
First Trial Auctions for Registered Bidders	Thursday, January 27, 2022
<b>February 2022</b>	
Second Trial Auctions for Registered Bidders	Tuesday, February 01, 2022

## C.5. Conduct of the Auctions

Two Auctions are proposed, the BGS-RSCP Auction and the BGS-CIEP Auction. The EDCs propose that these two Auctions be separate but concurrent. The EDCs further propose to conduct the Auctions from a remote setting. Bidders intending to contact the Auction Manager during the Auctions should immediately send an email to [BGS-Auction@nera.com](mailto:BGS-Auction@nera.com) or send a text message to the mobile number provided to bidders with their notification of registration on January 20, 2022.

Bidders submit their bids online using specialized Auction Software. The Auction Software allows the bidder not only to submit bids, but also to view auction results and to receive secure messages from the Auction Manager. Each bidder receives a Login ID and initial password to access the Auction Software for the BGS Auction(s) in which it has been registered to participate. At first login, each bidder is required to change its initial password and then to accept the Auction Software “Terms and Conditions” by clicking “Accept.”

### C.5.a. Bidding Phase of a Round

A bid is the number of tranches that a bidder is willing to supply for each EDC at the going price in a round in the Auction. To submit a bid, the bidder selects a number of tranches for each EDC from a pull-down menu. The bidder may be asked for additional information, such as switching priorities and exit prices. The Auction Software then checks that the bid conforms to the Auction Rules. For example, as explained in the Auction Rules, eligibility – the maximum number of tranches a bidder can bid in a given round – can never increase from the prior round. If a bidder submits a bid that would require eligibility to increase, the bidder is asked to resubmit its bid so that it conforms to the Auction Rules.

If a bidder submits a bid that would decrease the bidder’s eligibility, the Auction Software warns the bidder of the impending eligibility reduction. If the bidder wants to proceed with a lower eligibility, the bidder may be asked to enter a last and best offer for the tranches which the bidder is no longer bidding. Last and best offers are called “exit prices.” An exit price for a tranche is a price less than or equal to the previous going price and greater than the current going price.

If a bidder requests to decrease the number of tranches bid on an EDC while increasing the number of tranches bid on two or more other EDCs (“switching”), the bidder is asked to enter switching priorities. Bidders cannot switch between products in one Auction (e.g., the BGS-CIEP Load for one EDC) and products in the other Auction (e.g., the BGS-RSCP Load for the same EDC or another EDC).

Once the bidder has submitted a bid for the Auction(s) for which it is registered, along with any exit price and/or switching priorities required, the bidder is asked to verify the bid. The bidder may choose to verify the bid or re-enter the bid. A bidder may re-enter the bid as long as the bidding phase of the round is open. The bid that “counts” is the last bid submitted and verified during the bidding phase and processed by the Auction Software.

If a bidder with positive eligibility fails to submit a bid in a round, the bidder is assigned a default bid. It is the responsibility of the bidder to ensure that bids are submitted on time. The bidder can lose the ability to bid in all future rounds by failing to bid during a round.

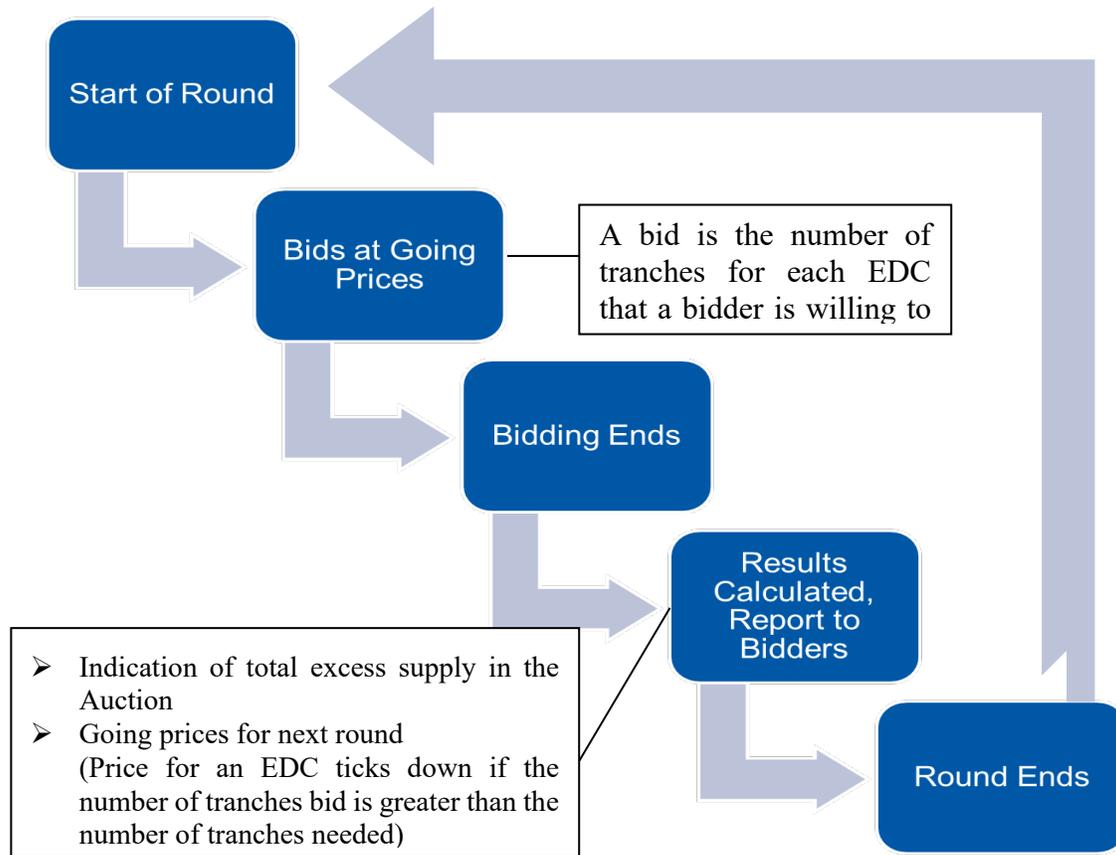

### **C.5.b. Calculating and Reporting Phase of a Round**

The calculating phase of the round begins after the bidding ends. The Auction Manager determines the going prices for the next round. The price for an EDC in an Auction “ticks down” if the total number of tranches bid for the EDC is greater than the number of tranches needed for that EDC. During the calculating phase, bidders cannot submit bids and do not yet have access to the current round results.

The reporting phase begins when the Auction Manager publishes the results determined during the calculating phase of the round. Bidders in a given Auction are provided with an indication of the total excess supply remaining in the Auction and are told the going prices for the next round. In addition, the Auction Manager reports privately to each bidder the results of its previous bid. For example, if a bidder has withdrawn tranches from the Auction, the Auction Manager reports to this bidder, and only to this bidder, whether the tranches were retained. Round results can be viewed at any point during the Auction. Results for a given round remain available during subsequent rounds.

### **C.5.c. Schematic**

The schematic below shows the progression of a typical auction round. The diagram applies with the following modification in round 1. In round 1, the going prices are the “starting prices” for each EDC. This process is described in detail in the Auction Rules of each Auction.

**Figure C.4. Progression of Auction Round**

## C.6. Post-Auction Activities

At the conclusion of the BGS-CIEP Auction or the BGS-RSCP Auction, the Auction Manager prepares a full factual report to the Board with its recommendation on whether to accept the auction results. Concurrently, the Board Advisor prepares for the Board a checklist with its recommendation on whether to accept the auction results.

The Board makes its decision to either accept or reject the results of the BGS-CIEP Auction and the BGS-RSCP Auction separately within two (2) business days of the close of the Auctions. If the Board approves the auction results, the EDCs provide Supplier Master Agreements via email to winning bidders for their execution. Winning bidders then have three (3) business days to execute the BGS Supplier Master Agreements. All participants in the Auctions have five (5) business days to destroy any document containing confidential information related to the Auctions and provided by the Auction Manager.

Should a winning bidder fail to execute the applicable BGS Supplier Master Agreement, the EDCs may draw on that bidder’s Pre-Auction Letter of Credit provided with the Part 2 Application. The full calendar of events for auction and post-auction activities is provided below.

**Table C-5. Calendar of Auction and Post-Auction Activities**

Activity or Decision Point	Timing
<b>February 2022</b>	
BGS-CIEP Auction starts	<b>Friday, February 04, 2022</b>
BGS-RSCP Auction Starts	<b>Monday, February 07, 2022</b>
Board decision on Auction results	Within 2 business days of close of the BGS-RSCP or BGS-CIEP Auction, whichever comes later
Winning bidders execute BGS Supplier Master Agreements	Within 3 business days of Board decision
Documents provided to bidders by Auction Manager containing confidential information must be destroyed	Within 5 business days of Board decision
Power Flows	Wednesday, June 01, 2022
